

# Fall into Heart Health

The Cardiovascular Foundation of Southeast Texas grants educational scholarships for healthcare students in Southeast Texas. The CFST also provides funds for medical assistance for the medically underserved in our community by providing transportation, performing free health screenings, and assisting with medication costs for uninsured or indigent patients.

Your contributions will help the CFST achieve its goals in quality care for all hearts in Southeast Texas.

Together, our efforts have also provided life-saving Automated External Defibrillators (AEDs) for local community organizations such as the Shorkey Center, Garth House, the Art Museum of Southeast Texas, and Girls' Haven, just to name a few.

For more information, please visit our website at [setxcardiofound.com](http://setxcardiofound.com).
